RULES AND REGULATIONS.

Section 1. Prices, Rules and Regulations established by the Joint Committee cannot be changed or deviated from in any manner by the action of any Local Branch, individual blower or manufacturer offering or accepting a higher or lower price, or ignoring any of the rules.

Sec. 2. All ware on this List shall be subject to the full price, except Mason and Mason's Improved Fruit Jars, they to be forty-five (45) per cent. off the net List. All other blowover fruit jars shall be thirty-five (35) per cent. off the net List, regardless of the use to which they may be put.

All Twisted Ware pays the net List of 1908 and 1909.

For all ware blown from Opaque Glass there shall be a charge of fifty (50) per cent. additional to the List price.

RULES GOVERNING THE MAKING, FINISHING, ETC., OF BOTTLES NOT SPECIFIED IN THE LIST.

Sec. 3. Blowover ware shall be rated five-sixths ($\frac{5}{6}$) the price of finished ware, except fruit jars and oil cans and all ware provided for in this List.

Sec. 4. All grinding ware shall be ten (10) per cent. extra.

Sec. 5. Corrugated inside finish shall be one cent per dozen extra.

Sec. 6. There shall be no extra charge for ware finished with the sanitary seal.

Sec. 7. Ware with extra wide mouth shall be three (3) cents per gross above the price of wide mouth.

Sec. 8. When blowover bottles or fruit jars are made in a shop with finished ware, they shall be the same price as if finished.

Sec. 9. On all ware made above standard weight there shall be a charge of one-half ($\frac{1}{2}$) cent per dozen for each additional ounce.

Sec. 10. On all ware below standard weight there shall be no reduction in price.

Sec. 11. All ware not specified in this List shall be rated at the same price, and subject to the same rules, in regard to weight, as those specified in the Bracket, which they resemble in size, shape, weight and finish.

Sec. 12. All screw-top finished ware to be one-half ($\frac{1}{2}$) cent per dozen extra, except where the screw is blown in the mould.

Sec. 13. All patent inside-screw finish shall be one (1) cent per dozen extra, or an average day's work.

Sec. 14. Practical inside-closure finish shall be

three (3) cents per dozen extra. Outside-closure finish shall be one (1) cent per dozen extra.

Sec. 15. When bottles are gauged for two or more finishes the sum of fifty (50) cents per gross shall be added to the established price for blowing.

Sec. 16. Manufacturers shall allow one-quarter ounce each way from one-half to six ounces in weight inclusive; above six ounces to twelve ounces inclusive, one-half ounce each way. Above twelve ounces to thirty-two ounces inclusive, one ounce each way. Above thirty-two to forty ounces inclusive, one and one-half ounce each way. Above forty ounces, two ounces each way.

Sec. 17. Pinched rings finished shall be one (1) cent per dozen extra.

Sec. 18. All lettered or numbered ware twisted shall be one (1) cent per dozen extra.

Sec. 19. Stamped ware shall be four (4) cents per dozen extra where blower gathers glass for stamp, but where gatherer is furnished for this work the price shall be one (1) cent per dozen extra.

Sec. 20. Prices set on new bottles at the various Branches during the blast shall remain until changed by Joint Wage Committee.

Sec. 21. Members when called upon to blow for a finishing machine, if put to a loss on account of a faulty machine, shall be paid their average day's work, and in no wise will they be paid or receive less than \$5.00 for a day's work.

Sec. 22. The wages for a shop working day work shall be the same as the average daily wage of the same shop, for the previous month, or a less period when a settlement is made oftener.

Sec. 23. Blowers having their ware condemned, it must be set aside for inspection and must be examined by the blower on the same day, after which it must be broken down or accounted for.

Sec. 24. Members are permitted to enter the packing-room before starting and after stopping work on the day or night turn or during the regular stopping times, for the purpose of inspecting or looking after ware made by their shop, but must not remain in the packing-room after such inspection has been made.

Sec. 25. All blowover ware to be credited to the blower within one week after it has been made. All stoppered ware to be credited when counted, and the workers cannot be held responsible for ware after it has been stored or shipped. They must also be credited for ware before it is steamed.

Sec. 26. Hayner's Combination Lock Finish shall pay an average day's work. All non-refillable bottles shall pay average day's work. Choke neck Brandies shall pay average day's work.

HOW SHOPS SHALL WORK.

Sec. 27. Two blowers shall constitute a shop in places where ring is cast, or three blowers when finished at the glory-hole. In no case shall more

than three blowers be employed when finishing at the glory-hole, or more than two when ring is cast.

Sec. 28. No member of this Association shall be allowed to work in a glory-hole shop with a gathering boy where three men are employed. It shall be optional with the employers to place a gatherer in a shop of two members, but only on ware 26 ounces in weight and upwards.

This section not to apply to the turn-mould shops, which, in all cases, shall be furnished with a gatherer.

Sec. 29. No member shall be allowed to work a single place when there is a member idle competent to fill the place.

Sec. 30. If for any reason one member of a shop is absent and there is no idle member present to fill the place, the two remaining members shall work the shop without a gathering boy, until return of absent member, or another member can be procured to fill the place.

Sec. 31. Where shops are furnished with a knocking-off or a pulling-off boy, three men shall constitute a shop and shall not be furnished a gathering boy on any weight of ware.

Sec. 32. In tank furnaces where blowover jars are made, and ware is bursted off in the mould, no gathering boy shall be allowed, and three men will make a shop; but in pot and tank furnaces, where the jars are taken out of the mould by the

prevent a blower being discharged upon sight for violating this rule, or for drunkenness.

BAD GLASS AND LADLING.

Sec. 43. Members shall not wait longer than two and one half hours from starting time, day or night shift, on bad glass; it shall be understood that the time of two and one-half hours means that the members during that time shall use every reasonable effort to get the glass in proper condition. But where the manager or firm requests them to work said glass previous to expiration of said time, by paying them for ware blown from said glass, they shall be permitted to do so.

Sec. 44. No blower shall be allowed to ladle out glass.

PAYMENTS, SETTLEMENTS, ETC.

Sec. 45. All members shall be compelled to receive; and the manufacturers must pay, not less than twenty (20) dollars a week in cash, or forty (40) dollars every two weeks in cash, and all settlements shall be in cash. There shall be no deductions for private accounts or bills against members. The second pay day of each month shall be designated as the day to ask for and receive extra money which the manufacturer must pay when due, provided three days' previous notice has been given.

Sec. 46. Each firm must make a cash settlement within two weeks after the fire goes out.

Sec. 47. Members quitting or being discharged and a firm refusing to give them their settlements, it shall be the duty of the Factory Committee to see that members' ware is packed and a settlement made within one week after the last blowing, and also to see that all just indebtedness due firm shall be settled at the same time.

Sec. 48. A monthly statement of each blower's earnings shall be furnished the Factory Committee.

APPRENTICES.

Sec. 49. That we allow one apprentice for every twenty and three-fourths of twenty journeymen steadily employed by one firm. This law not to be so construed as to debar any firm from taking one apprentice who may have fifteen journeymen employed steadily.

Sec. 50. Firms starting their factories not later than March 1, 1912, shall be allowed to take their apprentices at any time during the blast, but their quota shall be based upon the number of journeymen in their employ not later than March 1, 1912.

Firms or furnaces starting later than March 1, 1912, shall not be allowed to take any.

Sec. 51. Firms who from any cause reduce the number of their journeymen must also reduce the number of their apprentices in the proportion to

prevent a blower being discharged upon sight for violating this rule, or for drunkenness.

BAD GLASS AND LADLING.

Sec. 43. Members shall not wait longer than two and one half hours from starting time, day or night shift, on bad glass; it shall be understood that the time of two and one-half hours means that the members during that time shall use every reasonable effort to get the glass in proper condition. But where the manager or firm requests them to work said glass previous to expiration of said time, by paying them for ware blown from said glass, they shall be permitted to do so.

Sec. 44. No blower shall be allowed to ladle out glass.

PAYMENTS, SETTLEMENTS, ETC.

Sec. 45. All members shall be compelled to receive; and the manufacturers must pay, not less than twenty (20) dollars a week in cash, or forty (40) dollars every two weeks in cash, and all settlements shall be in cash. There shall be no deductions for private accounts or bills against members. The second pay day of each month shall be designated as the day to ask for and receive extra money which the manufacturer must pay when due, provided three days' previous notice has been given.

Sec. 46. Each firm must make a cash settlement within two weeks after the fire goes out.

Sec. 47. Members quitting or being discharged and a firm refusing to give them their settlements, it shall be the duty of the Factory Committee to see that members' ware is packed and a settlement made within one week after the last blowing, and also to see that all just indebtedness due firm shall be settled at the same time.

Sec. 48. A monthly statement of each blower's earnings shall be furnished the Factory Committee.

APPRENTICES.

Sec. 49. That we allow one apprentice for every twenty and three-fourths of twenty journeymen steadily employed by one firm. This law not to be so construed as to debar any firm from taking one apprentice who may have fifteen journeymen employed steadily.

Sec. 50. Firms starting their factories not later than March 1, 1912, shall be allowed to take their apprentices at any time during the blast, but their quota shall be based upon the number of journeymen in their employ not later than March 1, 1912.

Firms or furnaces starting later than March 1, 1912, shall not be allowed to take any.

Sec. 51. Firms who from any cause reduce the number of their journeymen must also reduce the number of their apprentices in the proportion to

the journeymen employed at the time of reducing their working force, so that they at all times shall be within the requirements of this law. Example: If the proportion was one (1) apprentice to three (3) journeymen before reducing their working force, the reduction would be one (1) apprentice to three (3) journeymen

Sec. 52. Firms having put in an apprentice, and if from any cause said apprentice leaves the trade, he can not be duplicated; but should an apprentice die during the first year of his apprenticeship, he must be duplicated during that season only.

Sec. 53. An apprentice shall serve not more than five years, consisting of fifty working months from the date of being put in to blow. Said apprentice shall receive not less than fifty (50) per cent. of journeymen's wages. No loss of time to be charged against the apprentice, unless the time so lost can be reasonably attributed to said apprentice.

Sec. 54. No one shall be considered an apprentice unless he is put in a place to blow.

CONFERENCES.

Sec. 55. A Preliminary Conference for the purpose of considering wage scale for the next season shall be held the first Tuesday in May, and the final conference as soon after the Manufacturers and Blowers have held their annual conventions as necessary arrangements can be made.

Sec. 56. At the Final Conference, held subsequent to the adjournment of the conventions, no questions shall be considered relative to the adoption of new rules or a change in the old ones, a change in the List, or the addition of new bottles to the List, unless notice shall have been given to and by both parties at the preliminary conference.

Sec. 57. Manufacturers and Branches shall notify each other of all bottles or changes intended to be submitted to the May Conference, and the reason for so submitting them, which notice must be in writing. Said written notice shall also be given the President of the Glass Bottle Blowers' Association, and the President of the National Vial and Bottle Association.

INTERPRETATION OF RULES.

Sec. 58. All information wanted in regard to the intention or meaning of the *rules, regulations* and *prices* shall be referred to the President of the Blowers' Organization, whose decision in all such cases shall be binding unless said decision is reversed by the *Joint Wage Preliminary Conference* in case of a protest.

Manufacturers who desire to protest against a decision of the President shall serve notice in writing on the Branch in their locality of their intentions to protest, and shall also notify the President of both the Manufacturers' and Blowers' Organizations of the protest; which notice

shall contain all information necessary for a proper review of the case protested. Said notice shall be served not later than thirty days prior to the first day of the Preliminary Conference.

Protests on decisions made between April 1st and July 31st shall be reviewed at the Final Conference with notice as above stated, to be served not later than August 1st.

No case in protest shall be reviewed by either Conference unless the foregoing has been fully complied with.

Sec. 59. No new rules shall be introduced or enforced during the blast of 1911-1912.

INTERPRETATION OF SECTION 9.

$\frac{1}{4}$ oz.	extra weight.....	$1\frac{1}{2}$ cents per gross.
$\frac{1}{2}$ "	" " "	3 cents per gross.
$\frac{3}{4}$ "	" " "	$4\frac{1}{2}$ cents per gross.
1 "	" " "	6 cents per gross.

Blowers.

F. M. EDWARDS, Millville, N. J.

FRANCIS H. WILLIAMS, Baltimore Md.

HARRY JENKINS, *Secretary*, Alton, Ill.

The undersigned members of the Executive Committee of the National Vial and Bottle Manufacturers' Association after having exhausted every argument and presented the many well-known reasons why a reduction in the wages for blowing bottles should be granted upon wares which have not previously been reduced, and after being advised that no reduction could be granted nor allowed at this time, we have reluctantly consented to accept the wage scale as it is rather than create a condition which would certainly be injurious to employees as well as employers, but in giving our consent to this settlement we cannot guarantee that it will have a binding effect upon all manufacturers employing Union blowers.
